YOU'LL PAY THE FIDDLER.

A Brief Review of the War Revenue Bill Just Passed.

While the brave boys who have volunteered in Uncle Sam's army are sweltering in far away Southern camps or facing the treachery of Spanish guerillas and the naval forces are passing sleepless nights aboard the proud battleships, you, all of us, each and every individual in this broad land, are made members of the "home guard." In other words, to use a time honored expression: While the boys dance you must pay the fiddler.

The act entitled "an act to provide ways and means to meet war expenditures, and for other purposes" was passed on the 9th of this month and nothing has escaped its argus eyed framers. In the first section and without preliminaries, immediately following the enacting clause, the tax on beer, lager beer, ale, porter and other similar fermented liquors, brewed or manufactured and sold, or stored in warehouses, or removed for consumption and sale, within the United States, by whatever name such liquors may be called, for every barrel containing not more than thirty gallons, is doubled—two dollars instead of one and a like rate for any other quantity or for the fractional parts of a barrel.

SPECIAL TAXES.

Bankers using or employing not exceeding twenty-five thousand dollars shall pay fifty dollars; those using exceeding that amount two dollars for every one thousand.

Brokers shall pay fifty dollars.

Pawnbrokers shall pay twenty dollars.

Commercial brokers shall pay twenty dollars.

Custom-house brokers shall pay ten dollars.

Proprietors of theaters, museums, etc., in cities having over 25,000 inhabitants shall pay one hundred dollars.

Proprietors of circuses shall pay one hundred dollars in every state they exhibit.

Public exhibitions or shows for money (not enumerated) shall pay ten dollars in each state in which they exhibit.

Bowling alleys and billiard rooms are taxed five dollars for each alley or table.

TOBACCO, CIGARS, ETC.

In lieu of the present tax there shall be levied and collected a tax of twelve cents per pound on manufactured tobacco and snuff.

On cigars and cigarettes a tax of three dollars and sixty cents per thousand. All stock of tobacco and cigars or cigarettes in excess of twenty thousand are liable for assessment and taxation.

After providing means for the assessment and collection of the foregoing, follows a long list of special taxes on tobacco dealers and manufacturers to be computed on the basis of the annual sales for the preceding fiscal year. Until the special stamps are prepared and furnished, the stamps heretofore used may be imprinted with a device to denote the new rate of tax, and used.

ADHESIVE STAMPS.

Under this head follows provisions for stamping all kinds of bonds, debentures, certficates of stock and of indebtedness and other documents, instruments, matters, and things mentioned and described in Schedule A; also medicines, preparations, matters, and things mentioned and described in Schedule B.

Heavy penalties are prescribed against all who do not comply with the provisions of the act, or who forge or counterfeit any stamp, die or plate.

Where adhesive stamps are used the person using or affixing the same shall write or stamp thereupon the initials of his name and the date upon which the same is used or attached.

STAMP TAXES.

On the first day of July the stamp taxes go into effect. We will in this hasty review notice one or two of the items which most concern our people. First there is each "bank check, draft, or certificate of deposit not drawing interest, or order for the payment of any sum of money, drawn upon or issued by any bank, trust company, or any person or persons, companies, or corporations at sight or on demand, two cents."

That means that upon every check you draw, no matter what the amount, in transacting your everyday business, you must buy and attach a two-cent stamp, provided and sold by the government as stamps are sold for mailing letters. All who fail to apply these stamps will be deemed guilty of a misdemeanor, and upon conviction fined not less than $50 and imprisoned not less than six months.

Bills of lading and receipts from freight and express companies shall contain each, duly attached and canceled, a one-cent stamp.

And so on throughout the complete list of everything conceivable, almost, used by men in business, there is a duty, revenue or tax attached. And it is arranged so that in almost every instance, the consumer pays the bill. The tobacco manufacturers are allowed to reduce the size of the package as will be seen from the provision which says: That in lieu of the two, three, and four ounce packages of tobacco and snuff now authorized by law, there may be packages thereof containing one and two-third ounces, two and one-half ounces, and three and one-third ounces, respectively, and in addition to packages now authorized by law, there may be packages containing one ounce of smoking tobacco.

The bill is a sweeping document and nothing is slighted. Evidently a searchlight more powerful than that used aboard the battleships was used in its preparation. It comprises fifty-one sections and makes twenty-five pages of closely printed matter, and went into effect on the day next succeeding the date of its passage except as otherwise specially provided for.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for 20 years. Respectfully, Mrs. Mary A. Beard, Claremore, Ark. Sold by C. E. Holton.

NAVY DEPARTMENT PUZZLED

Sailing of Cadiz Squadron Puts Them All At Sea.

SHAFTER'S TRANSPORTS SIGHTED

Hurrying Equipment of Troops, Spanish Ship Escapes—To Keep An Eye on Cervera.

By Wire to THE TELEGRAM.

Washington, June 18—The navy department is nonplussed by the reported sailing of Camara's Cadiz squadron. The fact that the squadron has troops aboard is taken as an indication that it is bound for the Canaries. But whether it is intended to bombard our coast cities afterward is a mystery. The administration is of the opinion that such is not its intention. The strategy board attributes its sailing to a purpose on the part of the Sagasta cabinet to influence public opinion in Spain and elsewhere.

MAY ARRIVE THIS EVENING.

Mole St. Nicholas, June 18—General Shafter's fleet of transports, conveying troops, has been sighted off Cape Maysi and it is expected they will reach Guantanamo bay this evening.

EQUIPPED FOR ACTION.

Camp Alger, June 18—Nine of the regiments encamped here have been ordered to equip for active service immediately. The date of their departure has not been announced.

PURISIMA CONCEPCION ESCAPES.

Kingston, Jamaica, June 18—A despatch received here from Manzanillo, a port on the southern coast of Cuba, about 100 miles east of Santiago de Cuba, announces the arrival of the Spanish steamship Purissima Concepcion at that port. The Purissima Concepcion sailed from this port two days ago laden with food supplies and bound for Havana. She has aboard $100,000 in gold in addition to the supplies of provision.

AN EYE ON CERVERA.

Washington, June 18—Sampson and Shafter have been instructed to keep an eye on Cervera and to inform General Pando that he will be held responsible for the safety of Hobson and his men.

AN IMPORTANT CONFERENCE.

Washington, June 18—There is an important war conference in session at the white house this afternoon. The conference is between the president General Miles, the board of strategy and Secretary Long.

STORY FROM MADRID.

Madrid, June 18—An official despatch from Santiago says that on the sixteenth an American cruiser and yacht fired on the Punta Gabara fortifications and then went to Santiago, in the meanwhile dispatching launches with landing parties which General Aldea repulsed without loss. The ships then retired.

The time of the court was occupied this morning with the case of John H. Holt vs. Mary Holt for divorce. Judgment was given in behalf of the plaintiff. In the afternoon the case of Robt. Leonard vs. William Groom involving the title to some land was taken up and and is still in progress. Court is dull and very few in attendance. The docket will probably consume all of next week.

SANS SOUCI RECEPTION.

It Was a Most Brilliant Social Success.

The drawing rooms of the Benbow were beautifully decorated in evergreens and national colors and filled to their fullest capacity with members and friends of the Sans Souce club last night. It was a gala evening in the history of the club, which has been a great success from its inception. There was music and flowers and the gay chatter of happy couples for whom twelve o'clock came far too soon. Much amusement was created by the animal drawing contest. Each guest was furnished with a souvenir card bearing a number and the name of an animal, which they were required to draw and the others to guess the name from the drawing. It was fine exercise for the imagination of the guessers. When the cards were compared it was found that Dr. Turner had won the booby and C. P. Sapp the prize. The booby a book of beautiful drawings in natural history, was presented by Mr. Charles Weaver in a few happy remarks, while Dr. Turner wittily presented the prize, an elephant artistically sculptured in black. An excellent musical programme was rendered. Mr. Claude Elam gave a cornet solo, the Misses Koiner performed on the banjo and violin, Miss Lola Carraway and Mr. Bradley gave vocal solos. An elegant menu was served in the sample room on the first floor which was decorated in the national colors and lighted by lanterns in red, white and blue. A vote of thanks was given by the club to Manager Morton and to Mrs. Cator, who superintended the decorations. The guests were:

J. F. Reitzel, Kathleen Koiner; Eugene McNairy, Pearl Eldridge; G. Arthur Rankin, Janie Gainey; Jas. M. Rankin, Helen Wheeler; Mr. Patterson, Louise Rankin; Frank Eldridge, Carrie Goodman; John Ausley, Minnie Gorrel; Lee Wharton, Lillian Weatherly; Geo. B. Brook, Elsie Weatherly; Jno. M. TROOPS WILL ARRIVE TODAY

Serious Work for the Santiago Expedition.

A HOT BRUSH WITH SPANIARDS

Gunboat's Mistake—Lee's Legion is Gathering—Conference in Progress—Augustin's Successor.

By Wire to THE TELEGRAM.

Washington, June 18—President McKinley said that he would not be surprised to hear today that Shafter's expedition had arrived at Santiago although he did not really expect information before tomorrow. The vessels may reach Cuban soil and a landing be effected before the war department is advised. By tomorrow at the latest it is thought the ships will arrive at Guantanamo and the soldiers be ready for the serious work that has been cut out for them.

Meantime the administration is devoting its attention to perfecting the plans for the Porto Rican expedition, which will follow close upon the heels of that to Santiago, and to the carrying out of the president's plans for sending relief to the suffering and starving people on the island of Cuba.

BRUSH WITH THE ENEMY.

Off Santiago, June 17—A hot brush occurred at daylight this morning between the Spanish troops and a reconnoitering party on steam cutters in a small cove to the west of Morro Castle. Lieutenant Marlow entered the cove for the purpose of taking soundings. When he had gotten inside the inlet Spanish infantry opened a hot fire from a blockhouse. The Americans vigorously replied. The New York's cutter, under command of Ensign Powell, was struck ten times but none of the men was injured. The Texas opened fire on the Spaniards on the hillside with her six-pounders and the Vixen steamed into the cove and peppered the blockhouse. The Spaniards thereupon beat a hasty retreat. The Yankee arrived here on yesterday.

SUBSISTENCE FOR THE FLEET.

New York, June 18—A shipment of six hundred tons of subsistence were shipped from this city to Newport News Va., today.

FIRST OF CUBAN NAVY.

New York, June 18—The yacht Alfredo of the Cuban Junta left for Cuban waters today with a large cargo of ammunition and rifles for the insurgents. She flies the Cuban flag and is considered the first vessel of the Cuban navy that is to be.

MIND CHANGED AGAIN.

Washington, June 19—The cabinet has decided to postpone the attack on Havana until fall, in view of the dangers to our troops incident to the rainy season in the island.

TOO GOOD TO BE TRUE.

Washington, June 18—It is rumored here that General Miles is about to be superseded by Adjutant-General Corbin as commander-in-chief of all the forces of the United States.

GEORGIANS IN CAMP.

Chattanooga, June 18—The first regiment of Georgia volunteers went into camp at Chickamauga this morning.

AUGUSTIN'S SUCESSOR.

Hong Kong, June 18—General Augustin, the leader of the Spanish forces at Manila, has resigned and General Davilo succeeds him. Augustin wished to surrender the city to the Americans to escape falling into the hands of Aguinaldo but was overruled by his officers in council and offered his resignation in consequence.

FLEET COMING.

London, June 18—Advices received from Gibraltar make it a certainty that the Cadiz fleet is bound for the other side of the Atlantic. It is known that the fleet is in good shape to make a dash along the New England coast and it is believed such instructions have been given it. The fleet is now, according to the advices, on the Atlantic bound west.

LEE'S CORPS CONCENTRATING.

Jacksonville, June 17—The concentration of the seventh army corps under General Lee is to begin immediately. Six regiments will be sent here from Tampa.

MILES ON GARCIA.

Washington, June 18—Major-General Nelson. A. Miles is still here in consultation with the war authorities. In speaking of the Cuban situation he declared that Gen. Garcia has 15,000 troops well armed and equipped ready to co-operate in the attack on the city of Santiago and to assist in the landing of American troops and supplies.

MAIL ROUTE TO HAWAII.

Washington, June 18—It has been ordered that vessels of the navy, proceeded from San Francisco to the Philippines carry mail to Hawaii in addition to that for the Manila troops.

THIRD EXPEDITION.

San Francisco, June 18—General Merritt has issued orders to General Otis designating the troops for the third Philippine expediton. He may accompany with his staff the expedition which sails probably next Monday.

NEW CAMPS.

Washington, June 18—Four new southern camps are to be instituted, one each at the following places: Brunswick, Ga., Charleston, Jacksonville and Fernandina.

MANEUVERS ABANDONED.

There May Be Something Behind This Change.

By Cable to THE TELEGRAM.

London, June 18—It has been officially announced that the annual naval maneuvers have abandoned. The authorities decline to give any information as to the reason of it. Some say that it is because of the lack of coal due to the strike of the Welsh miners. Others state that important events are in sight and the abandonment is due to that.

The Varsity Race.

By Wire to THE TELEGRAM.

New London, June 18—The conditions for the 'Varsity race appear favorable. The same tactics as adopted last year will be employed.

Harvard is not considered as a strong opponent. The betting is largely in favor of Cornell. Yale seems strong and confident.

Track Fast.

By Wire to THE TELEGRAM.

New York, June 18—The weather for the great suburban is perfect. Ornament and Halliday are the preferences. The track is fast.

Marquis D. Rudini Resigns.

By Cable to THE TELEGRAM.

Rome, June 18—Marquis D Rrudini placed his resignation from the ministry in the hands of the king today.

Spains's Coasts.

Madrid, June 17—While a section of the public is scared by the rumors of the intended despatch of an American squadron to harry the coast of Spain, naval and military officers ridicule the idea, on the ground that the vessels could not obtain coal.

Moreover, they declare that the Spanish ports are so well defended that to attack them would be futile.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. SATURDAY, JUNE 18, 1898.

The Cadiz squadron has begun to get itself sighted.

We have not yet heard of Col. David B. Hill.

Judge Ewart is not the only hungry man who thinks war was declared most inopportunely.

Havana is reported to be very gay at present. Well, your Uncle Samuel will add to the gaiety, by and by.

Colonel Virgilius Lusk has declined a piece of pie-after Judge Norwood had first taken a big bite out of it.

The English sea captain who said that the Spanish fleet is not at Santiago is no friend to Boston and Passadumkeag.

If Joe Leiter is tired of the career of a speculator his attention is respectfully called to the advantages of Major Stahlman's.

The fact that United States soldiers participated in the unveiling of a confederate monument at Jacksonville will be followed by a rush of work on Billy Lloyd Garrison's vocal cords.

According to the best information obtainable Mr. McKinley has made up his mind to push the war on Havana seventeen times. He might try letting somebody else make it up for him as a last resort.

The men on the Marblehead can not complain that the war is dull and uninteresting. So far they seem to have had a hand in all the scrapping that has occurred except the bout in Manila harbor.

Those Cubans who are volunteering in the Spanish army under the impression that the Americans will never attempt to take Havana will doubt the accuracy of first impressions before the rainy season is over.

Stephen Crane is said to have written the most imaginative story of battle ever produced. Stephen Crane's declaration that the four marines killed at Guantanamo were not mutilated shows that his powers are still at their best.

What cruel business is this? John R. Smith asked to resign? Has not John R. been as dumb as any lamblet before its shearers? He is the most innocent man ever attached to a salary and perquisites. Such disregard of John R. Smith's love of office is unpardonable.

The republican primary for South Hickory precinct that met here Tuesday did not represent the rank and file of the party, and was strictly a cut and dried affair. The primary was packed with negroes especially invited to carry out the plans of the disgruntled office seekers and bosses.—Hickory Press.

What! office seekers and bosses in the g. o. p.? Impossible. The Press is dreaming affrightedly. There are no bosses in the republican party and no office seekers. All, all are disinterested patriots. There are any number offices out on the mountains dark and cold hunting the man right now. And as for the negro, is not the g. o. p. his friend? There is nothing that the republican party would not do for the negro, except what it promises to do for him.

SATURDAY'S LITERARY CHAT.

[All books and magazines mentioned below may be had at Wharton's book store.]

Mr. Madison Cawein, of Louisville, Ky., has written what is in many respects the best war poem that has come under our notice. Mr. Cawein's muse is rather idyllic than otherwise, but then Tennyson, whose muse was also not martial, wrote what, despite its hackneyed uses, is perhaps the best war poetry of the period. There are few of the war poems that do not take as their central thought either the reunion of our sections or Spain's historic cruelty. Mr. Cawein's poem appears in Current Literature for June.

Theatre goers are welcome to what pleasure may be had from the announcement that "The Rise of Silas Lapham" is being dramatized by the author, Mr. William Dean Howells, in collaboration with Mr. Paul Kester. In almost every case the plays that are dramatizations of books have a factitious interest only, even when the books are rich in dramatic interest. A book having less dramatic interest than "The Rise of Silas Lapham" it would be indeed hard to find in all the wide realm of fiction. Whatever interest the public may have felt at one time in the book is long since passed to other and better novels. Mr. Howells has not the dramatic knack and had he his disagreeable English would bar him from the list of successful playwrights. We predict that the curtain will not rise often on "The Rise of Silas Lapham."

The birth of Greater New York was not entirely void of interest to those who style themselves poets. The Bookman has unearthed a lengthy Latin poem in many meters from the pen of a gifted doctor of philosophy. This is a sample:

Virgo Brooklyn gemuit
Multa mala timiuit
* * * * *
Virgo Brooklyn, desine
Hunc Vagitum. Accipe
Fidum Knickerbockerum

Lest the reader also should multa mala timuit the rest of this choice piece of Latinity is withheld. It will at least be news to many to know that Brooklyn virgo est.

A book that literary prognosticators say will create something of a sensation when it shortly appears is "Via Lucis" from the pen of Kassandra Vivaria, a pseudonym of course The author is a young Italian woman of good family. The story deals with the Italian bourgeoise, a class that has received little attention at the hands of English novelists, most of whom prefer the more picturesque peasant. The author, though an Italian, wrote the book in English.

***

A volume of Walt Whitman's letters, written while he was nursing the wounded soldiers in Washington hospitals during the war, has just appeared. The notices of the volume show that the change in the literary estimate of Whitman during the few years since his death has been rather rapid. One hears little of his "barbaric yawp" nowadays and more of the strong and gentle soul of the man and the poet. There are few more interesting characters in literary history than Whitman and none more essentially lovable. He has always been rated more highly abroad, especially in England, than at home but it would seem that with time his circle of admirers in this country is widening steadily. Not one of our poets is more compact of Americanism than Whitman and even a tardy recognition of it is better than not to recognize it at all.

Mrs. Thompson's Remedy

Hasty, Richmond Co., N. C.,
May 27, 1898.

Mrs. Joe Person;

Your medicine has saved me (I am sure) years of suffering and heavy doctor's bills. When I began to take the Remedy I was sick all the time with troubles peculiar to my sex. I had run down until I only weighed 115 pounds. I took ten bottles of the Remedy, and am now a well woman and weigh 170. I cannot express my gratitude to you and wish suffering womankind everywhere could be induced to give it a fair trial. I have had seven children, have lost three trying to raise them by hand, and raised three on the bottle. The baby I have had since taking Mrs. Joe Person's Remedy is the first one I have been able to nurse from the breast, and it is a fine, fat baby. Every nursing mother who suffers from any woman's trouble ought to give Mrs. Persons' Remedy a fair trial. Before taking it I dragged through my work, now I do it. It gave me good sleep and appetite and put me in perfect health. My neighbors call Mrs. Person's Remedy "Mrs Thompson's Remedy," because I sing its praises so much to everybody.

MRS. J. L. THOMPSON.

gives good blood. It is a nerve strengthener and restorer, the efficacy of which cannot be over-estimated; when it is learned that its absolute freedom from poisonous drugs or opiates, makes it safe for use in the hands of sick or inexperienced persons, there is an increased appreciation of it. JOHNSTON'S SARSAPARILLA is a specific for impoverished or impotent nerves; it feeds the nervous system to high health, provides for physical and brain endurance, cheerfulness, happiness and energy.

Our thirty-six page illustrated book contains some interesting pages on Nerve Exhaustion. It is free for the asking. Quart bottle, $1.00.

Talking of Values

and

Receiving Them

Is Two Different Things

We leave out the words and present to you the genuine article—

VALUE.

It takes (in the case we have in view) material, workmanship, fit and finish, to constitute value in a ready made garment. We present to you today the garment which contains all the above, and a guarantee goes with each one.

They Will—They MUST Give Satisfaction.

Beyond question, we believe them to be the best **Unlaundered Shirts** on the market.

Our patrons say that the **Druid Hill** is the best for the money. 65c. 2 for $1.35.

This has been a busy day for 'Squire Pritchett. Up to two o'clock he had disposed of three cases and called another which the defendant had removed. 'Squire Pritchett had just decided a case against him.

Two large ripe tomatoes weighing eleven ounces each were shown us today. They were grown in Greensboro by Mr. F. Keith, who lives at 907 Asheboro street. They were beautiful specimens and are remarkably large, especially for this early in the season.

The passenger train passing here at at 6:30 p. m. yesterday carried a special freight car laden with 22,760 pounds of groceries and provisions billed from New York to Chickamauga. The bill was marked "rush" the provisions being for the soldiers in camp at Chickamauga.

Colonel Olds writes the Charlotte Observer that on yesterday a squad from Camp Dan Russell was in Raleigh looking for three deserters from Captain Percy Gray's company. The names of the deserters were not given. Let us hope the boys were only off on a lark without permission.

Fortune smiled her sweetest for you ladies of Greensboro when the gigantic summer clearing of D. Bendheim & Sons was inaugurated. There was not a hundreds of yards of summer goods involved, but hundreds and hundreds of entire pieces to be sold. The sale will be continued Monday with an entire list of new bargains. They anticipate the biggest selling week of their career and advise early attendance. Sale opens Monday morning at 8 o'clock.

Loan Association.

Since the organization of the Piedmont Realty and Guaranty company, not over ten days ago, over one hundred and fifty requests have been made to the company to do the business of a building and loan association, or to organize such an association for the benefit of those who wish to buy homes through a medium of that kind.

The Telegram suggests that they take the matter under consideration. An institution of that kind, managed by honorable and honest men, who have respect for the laws against usury, would be a benefactor to many people in every town. Let the association be organized.

GLENN AND COOKE.

In the Lead For the Brigadier Generalship.

According to the latest advices the brigadier generalship had narrowed down to Gen. J. D. Glenn, of this city and Charles A. Cooke, of Warren. General Glenn's many friends would be glad to see him get it, but it is about conceded that Cooke will be the man. There is a good deal of politics in the giving of the fat places and General Glenn's democracy will most likely keep him out. Cooke belongs to the faithful and elect.

There is more to be seen at Norfolk than any other seaport town. You can spend a week and then not see all the sights. We give you four days. Round trip for $3.50.

The Idlers Sketch Club.

Notwithstanding the rain last night the Idlers Sketch Club played to a much larger audience than the night before. The sketches presented were short, clean and entertaining. The songs were all good and well rendered. In short this is the best low priced show that has been here for some time. Tonight will be their last performance when they will present three sketches of one act each, the first being the $500 one act prize drama "Hearts," followed by "The Cuban Patriot," which will be reproduced by special request, and concluding with the laughable farce comedy, "A Pair of Lunatics."

Go and see Norfolk in the time of war and see how a seaport town fortifies herself. Round trip $3.50.

Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits.' Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at C. E. Holton's drug store.
